

Proudly Canadian - Your Healthcare Partner

Alpha Laboratories Mobile Lab Service

Bringing the Lab Closer to You

SUPPORTING THOSE WHO NEED CARE AT HOME

- ✓ Seniors or individuals with mobility limitations
- ✓ Residents of retirement or long-term care facilities
- ✓ Caregivers arranging safe, convenient testing for loved ones
- ✓ Clinics and healthcare partners needing home collection support

When traveling to a lab is challenging, whether due to mobility concerns, health conditions, or weather — Alpha's mobile collection services ensure you can still access essential lab testing safely and comfortably in your home or workplace, delivered with the compassion, respect, and dignity you deserve, wherever you call home.

HOW IT WORKS

Simple, Safe, and Reliable

1. Book Your Visit

Contact our Customer Service team by phone, e-mail, fax, or through your physician's office. We'll arrange a convenient time and confirm all details in advance.

2. Our Visit to You

An experienced, licensed technician arrives with all required equipment. Collections are completed safely, professionally, and respectfully in your home, care facility or workplace.

3. Secure Transport & Processing

Samples are transported using strict chain-of-custody and temperature-control protocols to Alpha's accredited laboratory.

4. Timely & Confidential Results

Your results are processed promptly and securely delivered to your physician or healthcare provider, maintaining full privacy every step of the way.

**"WITH ALPHA,
YOU'RE NOT JUST
CHOOSING CONVENIENCE —
YOU'RE CHOOSING
COMPASSION AND CARE."**

DID YOU KNOW?

We offer reduced fees for same-household visits and for patients covered under ODSP. Ask our team about eligibility.

READY TO BOOK?

Call us directly, have your physician refer you, or speak with your care facility — we'll take care of the rest.
