

Pathology Centre of Excellence

Welcome to **Alpha Labs**

Alpha Labs has been performing histopathology testing in Ontario for more than 50 years. To address the gaps in our current healthcare system, **our Pathology Lab recently underwent major renovations**; we expanded our diagnostic capabilities; leveraging next-generation equipment! The state-of-the-art equipment for immunohisto chemistry, special and routine staining, will provide efficiencies to better support patient care.

50 years of scientific expertise

Since 1971, countless physicians, patients, healthcare professionals, and communities across Ontario and beyond, have trusted **Alpha Labs** to deliver patient-centered quality medical laboratory testing services.

People & Partnership First

Beyond technology we value people and collaborative partnerships that make the difference, by transforming technology, systems and services into positive outcomes for everyone and the future we all share.

Expert Insights, Reliable Results

Our acclaimed pathologists have a background in quality management that ensures quality is engrained in all aspects of our operations.

Why partner with **Alpha Labs**

Quality

**Turnaround
Time**

Service

Innovation

Innovation is your **next step** with us

Knowledge is power, and peace of mind.

- + e-ordering and supply management system
- + highly skilled pathology team to answer your questions with reliability and accuracy; not just a call center!

Switching **Made Easy**

1

Introduction and Needs Assessment

- + A physician relations manager will schedule an initial consultation with you and your staff to understand any specific preferences or requirements. This will be done over the phone, via email and in-person.

2

Clinic Enrollment and Onboarding

- + Your clinic will be enrolled immediately or shortly thereafter. A clinic account/profile will be created, and a dedicated point of contact will be assigned to ensure personalized support and assistance throughout your engagement with Alpha Labs.

3

Setup and ongoing Support

- + Confirmation of pick-up schedules and delivery of collection supplies. Regular contact with you and your staff to ensure continued satisfaction with our services.
